Technical and Bibliographic Notes / Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

- [x] Coloured covers/ Couverture de couleur
- [ ] Covers damaged/ Couverture endommagée
- [ ] Covers restored and/or laminated/ Couverture restaurée et/ou pelliculée
- [ ] Cover title missing/ Le titre de couverture manque

The copy filmed here has been reproduced thanks to the generosity of:

Vancouver City Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ⟶ (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Vancouver City Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ⟶ signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

CONSTITUTION.

ARTICLE I.

Name and Objects of the Society.

The Society shall be known as the "St. Andrew's and Caledonian Society, of the City of Vancouver," and shall have for its object the affording of medical, and other relief, to such natives of Scotland, and their descendants, as may from sickness or other causes have fallen into distress; the encouragement of the national costume and games; to cultivate a taste for Scottish music and literature; and of binding more closely together all Scotchmen, and those of Scottish descent.

ARTICLE II.

Seal of the Society.

The Seal of the Society shall have engraved thereon the Arms of Scotland, with the motto—*Nemo me Impune Lacessit.*

ARTICLE III.

Membership.

The membership of the Society shall consist of three classes, viz: Ordinary, Life and Honorary Members.

ARTICLE IV.

Ordinary Members.

Sec. 1.—None but Scotchmen, or those of Scottish parentage, of the age of 18 years and upwards, shall be elegible for ordinary membership in this Society. Candidates for admission must make application in writing, in accordance with a form which will be supplied by the Secretary.

Sec. 2.—Persons proposed at any meeting shall be elegible for election at the next regular meeting. The election shall be by ballot, and the consent of three-fourths of the members present shall be necessary for the admission of a candidate. Such candidate, however, in the event of rejection, shall have the privilege of again making application at the expiry of three months.

Sec. 3.—None but members in good standing, who have paid their entrance fee and signed the Constitution, shall be entitled to vote at elec tions, or participate in any other business of the Society.

Sec 4.—Each member, after subscribing to the Constitution, shall hand to the Secretary his entrance fee of $1, and $1 for the current quarter's dues, whereupon he shall receive from that officer a Certificate of Membership, authenticated by the seal of the Society, and duly signed by the President and Secretary, and also a copy of the Constitution and By-laws.

ARTICLE V.

Life Members

Any member, upon the payment of a sum of not less than fifty dollars at any one time, shall be accepted as a Life Member, retaining, however, all the rights of an Ordinary Member.

ARTICLE VI.

Honorary Members.

Natives of Scotland, or their descendants, who have done anything towards the advancement of the welfare of the Society, or whose public record shall reflect credit on their nationality, and who are not themselves residents of Vancouver, may be proposed and admitted as Honorary Members. They shall be entitled to a Certificate of their admission, authenticated by the Seal of the

Society, and signed by the President and Secretary; but shall not be entitled to vote or take an active part in the business of the Society

ARTICLE VII.

Officers of the Society.

Sec. 1.—A President, Vice-President, a Secretary, a Treasurer, a Physician, a Chaplain, a Solicitor, and ten members of the Society who shall be Directors, shall be annually chosen from among the Ordinary Members at the preparatory meeting hereafter mentioned, who shall be installed, and shall enter upon the duties of their respective offices on the festival of St. Andrew, next ensuing Installation shall be by the Chaplain of the Society.

Sec 2.—Each officer shall be proposed and seconded, and in case more than one be proposed for one office, a ballot shall be called for by the presiding officer, when a majority of the votes of members present shall decide the election. The ten Directors shall be voted for without nomination, upon one ballot slip, and the ten members obtaining the highest plurality of votes shall be chosen. In the event of a tie the President shall give the casting vote.

Sec 3.—The President shall be first chosen, and duly announced to the meeting, and the others afterwards, in the order in which they have been heretofore enumerated.

Sec. 4.—All the officers above mentioned, together with the ten Directors, shall constitute a

Board of Directors for the transaction of all execuitve business of the Society

Sec. 5.—In addition to the foregoing there shall be elected *viva voce* the following officers—A Bard, Standard Bearer, Piper, two auditors and a Warden.

ARTICLE VIII.

Stated Meetings of the Society.

The Society shall hold twelve meetings in each year, to be held on the first Thursday of each month. The meetings in Feb., May, Aug. and November shall be quarterly meetings, the last of which shall be called the annual meeting preparatory to the anniversary festival of St. Andrew's Day. All meetings shall be held in the rooms of the Society, unless otherwise decided by the Board of Directors, and due notice shall be given thereof in at least two newspapers of the city by the Secretary. Seven members shall be necessary to constitute a quorum.

ARTICLE IX.

Special Meetings of the Society.

Sec. 1.—The President, or in his absence, the officer highest in rank who may be in the city, shall, when any emergency occurs, which in his opinion may render it expedient, or upon application made for that purpose by the Board of Directors, or on the written requisition of five members, call a special meeting of the Society.

Due notice thereof shall be given by the Secretary, and seven members shall constitute a quorum.

Sec. 2.—Special meetings shall be competent to transact any regular business that may come before them, except where it is otherwise prescribed in the Constitution; but the consent of two thirds of the members present shall be necessary to constitute a vote. Yeas and nays on any question shall be recorded at either special or regular meetings if called for by any member.

ARTICLE X.

Duties of President.

The President shall preside at all meetings of the Society, preserve order, put all motions duly moved and seconded, and declare the decision. He shall leave the chair on all occasions when any vote affecting himself is to be taken. He shall be ex-officio a member of all committees. He shall also perform such other duties as the By-Laws direct.

In the absence of the President at any meeting, his duties shall devolve upon the Vice-President. In the event of the absence of the President and Vice-President, the members present shall appoint their own Chairman, who shall have the same power as the President at such meeting

ARTICLE XI.

Duties of the Secretary.

The Secretary shall have the custody of all the personal property, records and journals of the Society, and shall keep an accurate record of all proceedings of the Society and of the Board of Directors. He shall have charge of the seal of the Society, and sign all certificates of membership jointly with the President. He shall also conduct all correspondence of the Society, and notify members of their election within three days thereafter. He shall advertise all meetings of the Society, and prepare the draft of the annual report for the Board of Directors, and the consideration of the Society at the annual preparatory meeting.

ARTICLE XII.

Duties of the Treasurer.

The Treasurer shall have the custody of all moneys and other property or securities belonging to the Society. He shall keep regular accounts of his receipts and expenditures in suitable books provided for that purpose. He shall at each quarterly meeting, present an abstract of his accounts, stating the sums received and expended since the previous quarter; and in addition, at the preparatory meeting, an annual fiscal statement of the financial affairs of the Society since the last annual preparatory meeting. He shall deposit all moneys handed to him,

without delay, in one of the chartered banks in the city of Vancouver, on account of and for the use of the Society He shall not pay out any money on account of the Society, except by cheque upon the order of the Board of Directors, which order must be duly signed by the President, or in his absence by the Vice-President and Secretary. He shall, at the expiration of his term of office, hand over to his successor the cash balance, and all books, papers and propety of the Society. All cheques must be signed by the Treasurer and Sec'y, and countersigned by the Pres

ARTICLE XIII.

Duties of the Physician.

It shall be the duty of the Physician to give advice and assistance to such indigent, sick or maimed persons as may from time to time be recommended to his charge by the Board of Directors. In such cases his fee shall be $1 per visit. He shall not exceed ten visits without further orders from the Board of Directors.

ARTICLE XIV.

Duties of the Chaplain.

It shall be the duty of the Chaplain to perform the religious services held every year in connection with the anniversary celebration of the Society, and by his council and advice endeavor to promote harmony and goodwill among

members. He shall visit such sick and distressed persons as may be recommended to his attention by the Board of Directors; and perform such other clerical duties as the Society may require.

ARTICLE XV.

Duties of the Solicitor.

It shall be the duty of the Solicitor to advise gratutiously the Society, or Board of Directors, in all legal matters that may arise in connection with the business of the Society; and also to advise with the Board of Trustees in the investment or other disposition of the funds held by them in trust for the Society.

ARTICLE XVI.

Duties of the Board of Directors.

Sec. 1.—The Board of Directors shall be entrusted with the discharge of all executive business of the Society. They shall carry out all entertainments the Society may decide upon, and duly report the result thereof, handing over the surplus, if any, to the Secretary. No indebtedness shall be incurred without their sanction, and all obligations presented to the Society shall be presented to them for liquidation.

Sec. 2.— The Directors shall constitute a Board for dispensing the bounty of the Society in accordance with the regulations and restrictions prescribed by the Constitution. No persons

shall be objects of this bounty but such members as may become indigent, as well as all Scotchmen and descendants of Scotchmen who may be in indigent circumstances. The Directors shall have discretionary power as to what extent and in what mode relief shall be given; not to exceed however to any one applicant the sum of ten dollars during the year, except in peculiar cases, when the Directors may, with the consent of the Society, increase the amount.

Sec. 3.—The Directors, at their first meeting, which shall be within one day after installation, shall elect one of their number Chairman of the Board, who shall preside at their meetings, and who may call such meetings when asked to do so in writing by any three members of the Board. Three members to constitute a quorum.

ARTICLE XVII.

Death, Resignation, or Removal of Officers.

In case of the death, resignation, or removal of any of the officers during the term for which they were elected, the Society shall at the next meeting, choose others in their stead to serve for the remainder of the year.

ARTICLE XVIII.

Auditors.

Two members of the Society, not being office-

such members
all Scotchmen
ho may be in
rectors shall
at extent and
not to exceed

um.

f Officers.

or removal
for which
at the next
ad to serve

being office-

bearers, shall be appointed annually at the preparatory meeting, whose duty it shall be to examine the books of the Treasurer and Secretary and to make report to the Society on the Saint Andrew's day next ensuing.

ARTICLE XIX.

Delinquency in Paying Dues.

Any member, unless he be in indigent circumstances—of which the Board of Directors shall judge—who shall refuse, or neglect to pay his dues for one year after they have accrued, provided he has been called on by the Secretary or Collector, shall be suspended by the Board of Directors until he pays his dues in arrear; and in the event of non payment, that his name be erased from the books one year after such suspension.

ARTICLE XX.

Anniversary Assembly.

As the benevolent views of the Society will be greatly promoted by social intercourse among the members the Society shall hold an anniversary assembly upon St. Andrew's Day, at which officers and members may wear, upon the left breast, the prescribed badge of the Society.

When St Andrew's Day occurs on Sunday, the first day of December shall be celebrated as the anniversary. The anniversary of Burns and Dominion Day may also be duly observed by the

Society, and be celebrated in such manner as may be decided upon at the regular monthly meeting before such events occur.

ARTICLE XXI.

Funds of the Society.

The funds of the Society shall consist of a Benevolent and reserve fund. The benevolent fund shall consist of not more than three-fourths of the net annual income of the Society derived from the initiation fees and annual dues of members, and interest accruing on investments, and shall be applied in charity and liquidating the ordinary expenses of the Society. The Reserve fund shall consist of at least one-fourth of the net annual revenue of the Society, of all donations or bequests, and of life membership fees; which reserve fund shall be placed to the credit of the Board of Directors, who shall have the care and disposition thereof.

ARTICLE XXII.

Observance of the Rules of the Society

Sec. 1.—The members of the Society shall faithfully observe and conform to the rules and regulations set forth in this Constitution, on penalty of being suspended from the privileges of the Society, or having their names erased from the list of members.

Sec. 2.—If three-fourths of the members present at any general meeting shall vote for the ex-

pulsion of a member, his name shall be erased from the roll, and he shall never afterwards be admitted to attend any meeting of the Society, unless again elected.

ARTICLE XXIII.

Funerals and Burials.

Sec. 1.—In the event of the death of any of the members, information shall at once be communicated to the President, who may, if necessary call a special meeting of the Society, to permit of members attending the funeral. Members shall cover their badges with crape at funerals.

Sec 2.—The Board of Directors shall take charge of all funerals, and shall have discretionary power to defray the expenses of burying deceased fellow-countrymen, members or nonbers of the Society, who may die in indigent circumstances. The Chaplain shall conduct all religious services in connection with such funerals.

ARTICLE XXIV.

Order to be Observed at Meetings.

Sec 1.—At each meeting of the Society, the President, or in his absence the Vice-President, shall preside and call the meeting to order for the transaction of business. If neither of these officers are present the meeting shall then elect a chairman, who shall preside.

Sec. 2.—Discussions on religious, political or other subjects foreign to the objects and purposes of the Society, shall not be allowed at any of the meetings

Sec. 3.—The following order of business shall be observed:

1. Call to order.
2. Reading the minutes of previous meetings.
3. Communications and accounts.
4. Reports of standing committees.
5. Reports of special committees.
6. Propositions for membership.
7. Balloting for members.
8. Treasurer's report.
9. Recess for payment of dues.
10. Election of officers.
11. Unfinished business.
12. New business.
13. Notices of motion.
14. Report of Board of Directors.
15. Adjournment.

ARTICLE XXV.

Preparations of Motions and Reports.

Sec. 1.—At all regular and special meetings of the Society, any member making a motion shall, upon the request of the Chairman, put the same in writing, and it shall be read by the Secretary before discussion. Reports of Committees shall be in writing, and signed by the Chairman; also all notices of motion.

Sec. 2—No person shall speak more than once upon any subject, except the person proposing any resolution, who shall have the right to reply and close the debate. The chairman shall decide all questions of order, and if any member be dissatisfied therewith he shall have the right to appeal to the Society.

ARTICLE XXVI.

Altering or Amending the Constitution.

The Constitution shall not be amended or altered except at a quarterly meeting. The consent of three quarters of the members present at such meeting shall be necessary to ratify an amendment, and notice of all proposed amendments or alterations shall be given in writing at the previous quarterly meeting.

Folded.

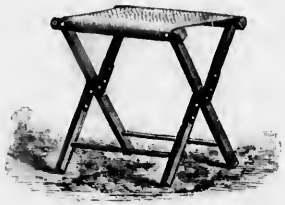
The Favourite Camp Chair—Covered with Duck.

Steamer or Deck Chair—Slat Seat and Back. These chairs are made from maple, covered with ash or elm slats, making them cool and comfortable. Can be used with leg rest extended or dropped; fold easily and as a steamer chair they have no equal. They also make a desirable camp or veranda chair.

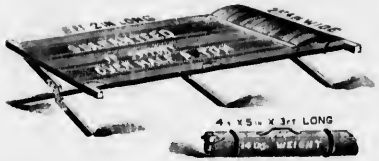
No. 7 **Gold Medal Folding Camp Table**—This table is made of oil finished hardwood with top 2 feet 3 inches wide and 3 feet 2 inches long. Will comfortably seat four persons. In use it is very strong and rigid and when folded packs so closely as to defy breakage. Guaranteed to support 100 lbs. Size, folded, 3 ft 2 in. long by 5x7 inches. Weight, 16 lbs.

No. 6 **Gold Medal Folding Lawn Stool**—This stool is similar to our Camp Stool with the addition of a comfortable back. It also folds into a small space and for numerous uses is unequalled. For tennis lawns it is the best and handsomest stool made.

No. 3 **Gold Medal Folding Camp Chair**—This chair may be folded and carried as easily as an umbrella. It is strong enough for the heaviest man, being guaranteed to maintain a weight of 400 lbs., and comfortable for all, adjusting itself perfectly to the body and affording a better rest than any other chair made. Size, folded, 3 feet long by 3 inches square. Weight, 1½ pounds.



No. 5 **Gold Medal Folding Camp Stool**—This is a strong, neat stool at a low price. It folds so compactly that a large number can be put in a small space and it will be found useful on many occasions, on this account, and because of its small cost. Guaranteed to support 500 lbs.



No. 1 **Gold Medal Folding Camp Bed**—In its construction this bed is a marvel of skill. Opened, it is a full length, easy, elastic and comfortable bed; and folded, it is a snug package only 3 feet long and weighs 15 lbs. It is equally useful for the Camp, Lawn, Piazza or House. Thousands are exported annually to Australia, South Africa, Europe and South America.

DIMENSIONS—Opened: 6 feet 2 inches long; 2 feet 4 inches wide. Folded: 3 feet long, 4 inches thick, 5 inches wide.

This bed is furnished with a comfortable pillow.

No. 13 **Folding Slat Seat Chair**—The above cut represents a new chair, and, like our other lines, it folds easily and compactly. It is exceedingly strong and very comfortable and is especially adapted to out-door use as exposure to weather cannot injure it. It is nicely finished with filler, and varnished, and folds more compactly than any similar chair manufactured. A dozen of these chairs folded occupy a space 36 inches long by 16 inches wide by 20 inches high. The folding device is new. Weight, 7 lbs.

No. 20 **Gold Medal Folding Bath-Tub**—The above cut represents our Gold Medal Folding Bath-tub, which is the most complete and convenient portable bath-tub ever invented. The frame is of hard wood, rock elm, nicely finished with filler and varnished, to which we have applied the principle of our patented metal joints by means of which it folds easily and compactly. The frame thus constructed stands firmly on the floor and is kept in the same position no matter how much weight the tub carries.

The cover of this tub consists of very heavy closely woven duck which is coated, especially for us, with thoroughly refined, vulcanized rubber, cured, and thus rendered tough and pliable. We guarantee it not to crack. It is composed of a single piece in which there are no cuts or seams. As the duck is thoroughly coated with pure rubber, it has a perfectly smooth surface and is as easily cleaned as a porcelain tub. It is uninjured by soda, salt, sulphur, or medicated waters. It is complete with no separate pieces. A pail and a half or two pails of water make a full bath, less will answer. As the frame is firmly put together with our metal joints, and riveted, there is absolutely no danger of tipping, and we guarantee the tub to be strong enough for the heaviest person even if a full submergent bath is desired. As the tub has no separate parts it is easily taken up and carried, even when it contains water for the bath, by taking hold of the tub at both ends where the duck is folded in several thicknesses and made strong for this purpose; when taken up in this manner the rails come nearly together and not a drop of water can be spilled; hence a bath can be taken in any part of the house, and, as the entire apparatus weighs only 16 pounds, it is easily handled by any woman or even a strong child. It is not necessary to dip the water out to empty the tub, simply take hold of the rails and lift up one end, when the other end forms a trough and the water can be easily poured into a pail without spilling a drop.

The shape is well shown in our cut. It is very similar to the metallic tubs. It is not suspended, but rests on the floor about one foot in width the entire length of the tub. At the top it is about 5 feet long by 27 inches wide and is 16 inches deep; these are about the dimensions of the modern metallic tub.

It is not necessary here to indulge in a dissertation on the benefits of frequent bathing; volumes have been written on this subject and they are well understood now-a-days. The infrequency of bathing is due to a lack of suitable appliances. Most people will bathe frequently if they could do so conveniently. The use of a sponge bath and small vessels commonly used results in neither cleanliness nor satisfaction. As nine families out of ten are without suitable and convenient bathing appliances, we feel that by offering this tub at a very small price, less than one-tenth the cost of ordinary suitable apparatus, we are supplying a long felt want. It will be found always ready; only a very small amount of hot water is necessary to temper a sufficient quantity for a full bath.

These tubs have been in use for nearly a year and are giving perfect satisfaction. With proper care they will last a generation. When folded these tubs are 5 feet long by 5 inches square and weigh but 16 pounds. These tubs are recommended by all physicians and nurses to whom they have been shown.

No. 21 **Infant's Tub**—This is made of the same material as the adult tub. The tub when open is 38 inches long, 22 inches high and 16 inches wide, and when closed is 38 inches long and 4 inches square. This tub is suspended above the floor, so the mother can sit in a chair and avoid the back-breaking strain necessary in using an ordinary tub.

No. 2 **Gold Medal Folding House Cot**—For an indoor Cot this is of special value. It is equally portable whether occupied or not—something that is appreciated by the sick who wish to be comfortably moved about, while the well will find it a source of comfort and rest. Like our Camp Bed it is also well adapted to outdoor use. Weighs only 12 pounds.

DIMENSIONS—Opened: 6 feet 2 inches long; 2 feet 2 inches wide. Folded: 6 feet long by 3 inches square.

No. 11 **Reclining Chair**—This chair is made so that it is adjustable to four different positions when in use. It is finished in oil and covered with a good quality of fancy duck put on double in an endless piece, left movable on the frame. The frame is made of hardwood and is thoroughly tested. This chair folds more compactly than any other Reclining Chair made, and, as the Duck is double and movable, it is stronger, more comfortable and durable and in every way more desirable than other similar chairs. Weight 7 pounds.

No. 12 **Reclining Chair**—This is the same chair as No. 11, but the frame is painted in vermillion red and varnished, and covered with fancy Duck in colors to harmonize, put on as in No. 11.

No. 410 FIR. **No. 411** ELM.

Bedstead, 6 feet high; 4 feet 2 inch slat. French Bureau Top, 19 x 42 inches. Plain German Mirror, 20 x 24 inches. Cheval Bureau Top, 19 x 12 inches. Plain German Mirror, 18 x 30 inches. Washstand Top, 17 x 30 inches. Gloss Finish Antique.

Bissell's "Cyco" Bearing "Gold Medal" Carpet Sweeper This Sweeper has the largest sale of any nickel-plated Carpet Sweeper in the world. It is used exclusively in the palaces of the Queen of England and other royal palaces. No handsomer sweeper has ever been made. Everything about it is First Class. The Case is made of Fine Cabinet Woods, with Rich Piano Polish Finish; the Brush is made from Genuine Bristles, fastened into a wood shaft by a patent process, that positively prevents the tufts from coming loose; a slight pressure on an elastic band releases the Brush for Cleaning; the pans are strongly made from Imported Tin Plate, and are opened by a patent automatic spring; Trimmings are all nicely Nickel-Plated; Rubber Tires and a Rubber Band prevent noise and the marring of furniture. This Sweeper contains the Famous Bissell Broom Action, also "Cyco" Bearings and Dust-Proof Axle Tubes, the greatest improvements ever made in carpet sweepers. We Guarantee the "Gold Medal" to give perfect satisfaction and that it has no superior in the world.

Also Bissell's "Grand Rapids" and "Grand Hotel" sweeper.

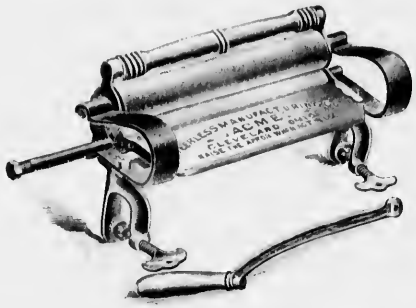
Peerless Wringer—Double Top Screw — Most popular Wood Frame Wringer in the market. The cut shows a Perfection Wringer, which is identically the same as Peerless.

Also "**Cleveland,**" same style and size, but with Ball-Bearings the easiest turning Wringer made.

No. 11—Solid Rubber Rolls, 11x1¼ in.
" 12 " " " 12x1¼ in.



The Acme Wringer—Has device for removing pressure from rolls when not in use.

No. 2—Solid Rubber Rolls, 11x1¼ in.
" 3 " " " 12x1¼ in.

The Lightning Freezer.

RUNS EASY, freezes quickly, is economical in the use of salt and ice, and the quality of the product is the finest.

Pails of the best white Virginia cedar, with electric-welded wire hoops, guaranteed not to fall off.

Drawn Steel Bottom Cans that cannot be displaced and will not break or leak.

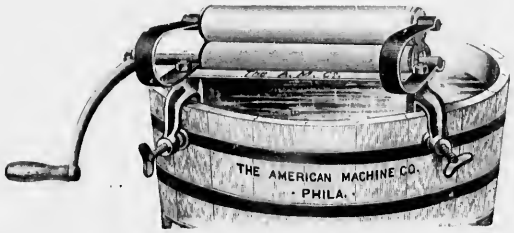
Quadruple motion, running so easily that it is fun to do the work no strength expended to keep the pail from wabbling.

Famous Wheel Dasher, with automatic wood scraper kept always in place.

Combination Hinge Top, and gearing completely covered—fingers, ice or salt cannot get between the cogs.

Inside parts coated with pure block tin; rest of ironwork smoothly galvanized. Sizes, 2, 3, 4, 6, 8, 10, 12 and 14 quarts. Also with crank or fly wheel, for hotels, restaurants and confectioners, in 14 and 20-quart sizes. Large sizes not carried in stock but will be specially ordered if required.

"FREEZEPS AND FREEZING," a booklet that tells all about the Lightning Freezer and contains recipes by Mrs. S. T. Rorer mailed for the asking.



A. M. Co. Eureka Wringer—(Genuine) The standard for a quarter of a century, having rolls of extra quality and selected material throughout.

No. 10 Solid Rubber Rolls, 10x1¼ in.
" 11 " " " 11x1¼ in.
" 12 " " " 12x1¼ in.
" 14 " " " 14x1¼ in.
" 16 " " " 16x2 in.

Star Ice Chipper—Cut Half-Size. A simple and cheap tool for chipping ice for use in Ice Cream Freezers.

Gem Ice Shave is a simple and handy tool for shaving and collecting ice from blocks without removing the latter from the refrigerator or ice chest. It is constructed like an ordinary plane, made of galvanized cast iron, with a knife adjustable to shaving fine or coarse. In front of the knife is a receptacle about the size of a tumbler, closed by a lid, in which the shaved ice collects. When filled, the lid is raised and contents emptied, as shown in cut.

Shaved Ice is desirable for a great variety of purposes, such as: For cooling Cantalonpes, Melons and other fruits. For use in sick rooms—dissolving quickly in the mouth. Making ice Poultices; being fine, it perfectly fits the parts to which applied. For cooling Oysters on half shell. For cooling Water, Wines or other liquids. For making Lemonade or Iced Drinks of any kind. For use at Soda Fountains, Bar Rooms and Restaurants.

The Wonderful Lightning Dasher Egg Beaters—As a measuring glass, egg beater, cream whipper and dessert maker, for light and heavy mixtures, and as a drink mixer of any kind it cannot be excelled. It beats the whites of eggs and sugar together for icing, frosting, etc. It beats the entire egg for omelettes, etc. The graduating jar is very useful for measuring and weighing milk, sugar, flour, etc.

Also **Dover Egg Beaters** and **Bryant Egg Beaters.**

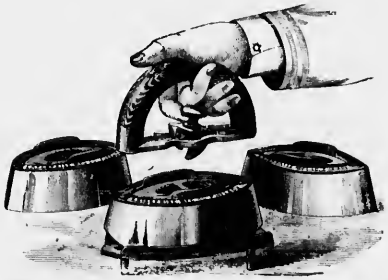
Keystone Beater No. 1—This machine is especially designed to beat from one-half gill to two quarts of light materials, and one to twelve eggs, creams mellow fruit, mixes thin batters, beats eggs in one-quarter minute, makes sauce, mixes drinks, dissolves sugar, etc., makes icings, mixes powders, whips cream, prepares infants' food, etc., etc. Designed to be adjusted to the wall over the kitchen table so as to be always ready for instant use. Mrs. Rorer, principal Philadelphia Cooking School, says: "I have thoroughly tested the merits of the Keystone Culinary Beaters and find them to be as represented. I unhesitatingly pronounce them superior to any device I have ever seen or used for the purpose designated."

Keystone Beater No. 1 and Ice Cream Attachment—An Ice Cream Freezer, economizes in Ice, in Cream and in Labour and produces a cream as smooth as velvet.

A Keystone Beater (one of those celebrated culinary articles almost indispensable in the kitchen for making cake, bread, etc., beating eggs, etc., whipping cream, fruit, vegetables, etc., and making everything). Reduces the labour of cooking to a mere bagatelle and produces results impossible by hand or any other method.

Witchkloth and Seloyt Cloth—For Polishing Silverware, Glass, Bicycles, Furniture, or anything you want to keep bright with the least work.

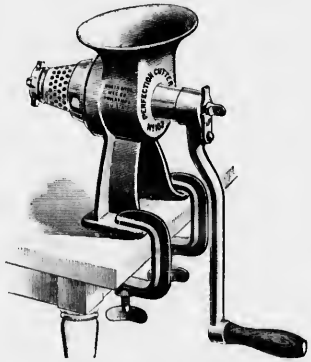
Balloon Fly Trap.



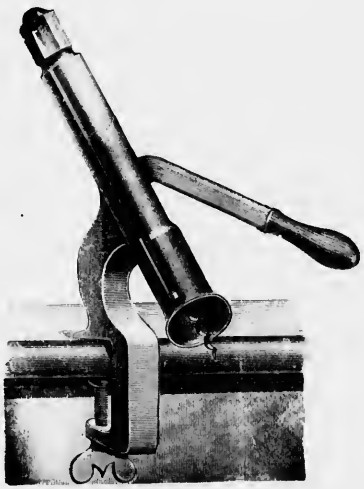
Smoothing Irons—Mrs. Pott's Cold Handle, Double Pointed Smoothing and Polishing Irons. Three Irons, one Handle and Stand constitute a set as represented in cut. There are three sizes in each set. No. 1 weighs four pounds, has one round end for polishing or glossing, and is very suitable for light work. No. 2 weighs five pounds and is for general use. No. 3 weighs six pounds and is suitable for tablecloths, sheets, etc. No. 50 set is Nickel Plated; No. 55 set is Plain Polished. Extra Wood Handles as above can be had separately.

Enterprise Meat Choppers—Tinned, chops two pounds per minute. No. 10, Tinned, weight 8 lbs.

Everlasting Handles—The increasing demand for extra handles for Mrs. Pott's Irons, to replace broken ones, prompted the effort to invent a permanent handle, which we now present, believing that it will supply a long felt want. Nickel plated.



New Perfection Cutter (with clamps)—Called by Mrs. Rorer, "The Cook's Right Arm"; simple to use, easy to clean, requires no repairs, does its work perfectly. Some of the few things it will chop: Cooked Meats, Clams for Chowder, Beef Suet, Candied Fruits, Almonds, Cocoanut, Citron, Figs, etc. No. 101 cuts 1 lb. per minute. No. 102 cuts 2 lbs. per minute, No. 103 cuts 3 lbs. per minute.



Lightning Cork Screw—The Best and most effective Corkscrew in the market. By two movements of the Lever, the cork is extracted from bottle and released from screw. All parts interchangeable. All wearing parts made of brass. Screws easily replaced. Nickel plated.

THE Reasons why the Rapid Cork Pullers and Lemon Squeezers are the Best ever manufactured are as follows:

First—It is the Simplest and Cheapest in the Market.

Second—In pulling corks you never break a bottle, as the strain is on the strongest part of the bottle.

Third—You can cut the wires and pull the cork of a Bass Ale or any Mineral Water Bottle with one motion of the hand.

Fourth—The Pullers are so made that any part can be replaced without returning the entire machine to the factory, thus saving express charges.

Fifth—It is much smaller than other machines of the kind, and consequently takes up less room.

The Rapid Squeezer is the simplest in construction and will not get out of order.

It presses and automatically revolves the Lemon on the Cone so that all the juice is extracted with one motion.

The Cup and Cone are covered with Sheet Aluminum Metal, which is not affected by the acid of the Lemon.

The Cup and Cone can be easily removed for cleaning, the Glass Holder is adjustable for any height of Glass, and the machine is so simple that there is nothing about it to get out of order.

The Cup and Cone form a strainer and will not clog like perforated strainers in other machines.

DIRECTIONS FOR CORK PULLER—Screw the Puller to a Table or Bar which is firm enough so it will not spring. Take hold of the bottom of the bottle with the left hand and hold it up perpendicular and firmly into the mouth of the Push-off, then with the right hand PUSH DOWN QUICKLY WITH FORCE the Lever or Handle until it hangs straight with the body of the Puller. This cuts the wires and removes the Cork from the Bottle, then throw back the Lever and the Cork will drop from the Screw.—The Machine should be kept WELL OILED, which can be done by dropping a little oil in the hole marked "Oil," just above the left-handed screw, which holds the Push-off to the body of the Puller, and also by removing the cap marked "Rapid," and dropping a little oil inside of the body.

DIRECTIONS FOR LEMON SQUEEZERS—First—Cut the Lemon and place one-half on the Cone in the Cup, press down with the Lever, and this automatically presses and revolves the lemon on the Cone, so that every drop of juice is taken out. Second—Be sure that the cup is pushed back against the body of the Squeezer, so the Cup will descend directly on the Cone. Third—The Spindle and Gear on the inside of the machine should be sufficiently oiled so that the machine will work easily, and to do this, unscrew the cap marked "Rapid" and drop a few drops of any machine oil into the body. Fourth—To clean the Cup and Cone it is necessary to remove them from the body of the Squeezer.

Each Machine is packed in a locked corner wood box, convenient for shipping.—Other styles of Patent Cork Pullers carried in stock.

No. 28 "Rapid" Cork Puller, also Rapid Lemon Squeezers.

Bar Goods—

Bitter Bottles
Bar Bottles
Champagne Taps
Cigar Lighters
Decanters

WEILER BROS. VICTORIA

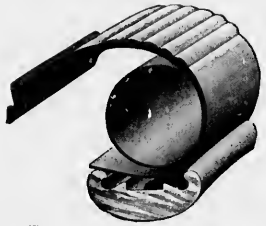
Rambler Bicycles

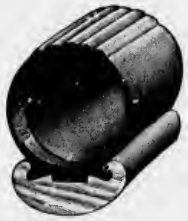
Are without a doubt the finest type of **High Grade Bicycles** ever produced in this or any other country. The **Highest Bicycle Honours** at the World's Fair were awarded to **Ramblers.** Eighteen years' experience in high grade bicycle building is a guarantee which should amount to something.

Fitted with the Great

"G. & J. TIRES"

Which Give no Trouble. They have reached the Height of Perfection.





The Great G. & J. Tire, used on all **Ramblers,** costs more than other Tires at first, but in the end is much the cheapest. A novice can repair it (in case of a puncture) in a few minutes, and cannot possibly put it on wrong.

We give choice of Popular Saddles and Tool Bags with all Ramblers.

Men's Model—Four Styles.

Ladies' Model—Single Bar, Popular Style, giving plenty of Skirt Room, and Easy to Mount.

Ladies' Model—Double Braced Frame.

Men's Tandem—Roadsters and Racers.

Combination Tandem.

Handsome Booklet of Ramblers telling all about them free on application.

WE know of no Bicycle as good as **Ideals** at the same price as **Ideals**—fitted with the great **G. & J. Tires** and manufactured by people with eighteen years' experience in building high grade wheels.

They are fully guaranteed for six months by the manufacturers, who will replace any part that is imperfect or defective.

Numbers are changed from year to year. The numbers as marked only show style of machine.

Handsome Booklet of **Ideal Bicycles**, telling all about them and the prices, free on application.

Ideal Nos. 4 and 6.

TOLEDO, OHIO.

Jan. 6, '97.

SHELBY CYCLE MFG. CO.,

Shelby, Ohio.

GENTLEMEN,—You may quote me as riding an **Ideal No. 5** 5,130 miles from May 25th, '96 to Dec. 20th, '96, with no repairs except a rear tire. I will try and do better in '97. Yours Respectfully,

C. E. FLETCHER,

2229 Monroe St.,

Toledo, Ohio.

Ideal Nos. 1, 2 and 5.

Ideal No. 3.

Bicycle Lamp.

Yale Locks for furniture manufacturers

WEILER BRO. VICTORIA

SPECIAL REMARKS.

HAVING a large factory, a four-story brick, which is equipped throughout with the most improved machinery, we are prepared to manufacture the cheaper grades of goods from the native maple and fir, and better goods from imported hard woods. Buyers will at once see the advantage of favouring us with their orders, and save the excessive freight charges on imported goods. Although we still import a quantity of fine furniture, we get all goods in large furniture cars, and thereby obtain the lowest freight rates, the advantage of which is given to our patróns. The greatest part of our Crockery is imported on direct sailing vessels from Liverpool and London, and the freights, therefore, are much less than on goods coming overland; our Oilcloths and Linoleums are also nearly all imported in this manner, as well as other heavy European goods.

Our fine Furniture is principally manufactured and finished after the best patterns gotten up in Grand Rapids and Chicago, and customers can therefore rely upon getting the neatest and most stylish goods that artistic skill can produce. In our Upholstery Department we employ only skilled mechanics, and having a large display of Frames of latest styles always in stock, customers can select their own covers and have goods made up to their own taste, and every piece upholstered in different goods and in a different style if required.

We will send sample cuts of Furniture Covering to any one making the application; only let us know about the price you wish to pay for the article or articles you may require.

To Architects, Builders and Others.

With our improved machinery and facilities for manufacturing all kinds of furniture and wood work of every description, we would be pleased to furnish estimates on interior hardwood finish, sideboards, mantels, wardrobes and anything that may be required in houses of modern build, banks, offices, hotels, churches and public buildings.

Instructions to Secure Prompt Execution of Orders.

Name and address. These should be written very distinctly, and if initials are given for Christian name, please state if Mr., Mrs, or Miss.

Please say whether you want goods shipped by post, express or freight. For postal rates see page III.

When shipping instructions are not given, we will use our best judgment as to the cheapest and best mode of sending.

We send samples and prices of cut goods free of charge, but would suggest, in order to facilitate matters, that a description as near as possible to article be given, and about price wanted, as our variety in most goods is so large, and to send samples of all would incur an enormous expense and would be impossible.

When ordering from samples, always enclose a small cut of pattern selected, and state if we may substitute, in case goods have been sold out. A second choice would greatly facilitate the filling of an order in such cases and avoid unnecessary delay.

We make no charge for packing, shipping or wharfage, which is an item of considerable importance in such goods as furniture, crockery, etc., and all goods are packed in the best manner by experienced packers.

We get receipt from transportation company that goods have been received by them in good order, after which our responsibility ceases, and any claim for damage or breakage must be made to company immediately at time of receiving goods.

Parties not having accounts with us should send references, so as to avoid any delay in shipping.

The goods illustrated in this catalogue represent hardly more than a line of samples from our varied stock, that is always being added to and renewed by latest goods from all parts of the world.

Our motto is "Good Value," rather than extreme cheapness, and a long established and extensive business enables us to give you the greatest satisfaction.

Our prices are right. Yours respectfully,

WEILER BROS.

WEILER BROS. VICTORIA

POSTAL INFORMATION, ETC.

1st CLASS MATTER. Letters.

Letters addressed to places in Canada and United States, 3 cents per 1 oz, or fraction thereof.

Great Britain and all Foreign Countries, 5 cents per ½ oz, or fraction thereof.

Letters addressed to places in the United States must be prepaid at least one full rate (3 cents); otherwise they will be sent to the Dead Letter office.

Partly prepaid letters addressed to places in Canada will be forwarded to destination, subject on delivery to double the amount of postage remaining unpaid, and letters on which no postage has been prepaid will be sent to the Dead Letter Office.

2nd CLASS MATTER.

Newspapers and Periodicals published not less frequently than once a month and posted from the office of publication for transmission to *regular subscribers* in Canada, the United States and New Foundland, are sent free of postage. *All specimen copies* and all copies of publications published less frequently than once a month, must be prepaid 1 cent for each pound or fraction of a pound.

3rd CLASS MATTER.

Matter of this class must be so packed or put up as to be easily opened for examination, and there must be no correspondence enclosed.

Patterns and Samples.

Bona fide Patterns and Samples of Merchandise, not exceeding 24 ounces in weight, may be sent to any place in Canada at 1 cent per 1 ounces. Must be put up so as to admit of inspection. Goods sent in execution of an order however small the quantity may be, or articles sent by one private individual by another, *not being actually Trade Patterns or Samples*, are not admissible as such. A sample of tea is limited to half a pound. The limit of weight to the United States *is eight ounces*: postage, 2 cents for the first 1 ounces, and 1 cent for every additional 2 ounces. Limit of weight to the United Kingdom is 5 lbs.; dimensions, 2 feet in length, 1 foot in width and depth.

4th CLASS MATTER Parcels.

Parcels should be plainly addressed, and there must be no correspondence enclosed.

Parcels for Canada must be prepaid 6 cents for 1 ounces, and must not exceed 5 lbs. in weight nor two feet in length by one foot in width or depth, and the senders name should be written on the lower left hand corner.

5th CLASS MATTER.

Comprises such articles of general merchandise as are not entitled to any lower rate of postage. Postage 1 cent per oz. or fraction of an oz. Limit of weight 5 lbs.; of size 2 feet in length by one foot in width or depth. Matter claiming to be 5th class *must be open to inspection* and there must be no correspondence enclosed. Packages of 5th Class Matter may be sent to the United States for the same prepayment as is required within the Dominion, but the contents will be liable to Customs inspection and collection of duty in the United States. Sealed Tins containing Fish, Lobsters, Vegetables, Meat, etc., if put up in a solid manner and labelled in such a way as to fully indicate the nature of their contents, may be sent as 5th Class matter within the Dominion, but no sealed matter can be forwarded to the United States under this head. Liquids, oils and fatty substances may be sent to places in Canada and the United States as 5th Class, if put up in accordance with the ruling referring to such articles in the Canada Postal Guide for 1891, page xiv.

REGISTRATION.

All classes of matter addressed to places in Canada, the United States, New Foundland, Great Britain or any Postal Union Country may be registered for a fee of five cents for each article in addition to the Postage, and *letters* may be registered to *most* of the countries not included in the Union.

Every article intended for registration *must be handed in at the wicket*, and a receipt obtained therefor. *On no account must it be dropped into a letter box.* The registration fee should be paid by registration stamp.

The sender of a registered article addressed to any Postal Union Country may entitle himself to a certificate as to the disposal of said article by the Postmaster at the office addressed, on prepayment of an additional fee of 5 cents.

MONEY ORDER OFFICE.

COMMISSION ON MONEY ORDERS.

On Money Orders drawn by any Money Order Office in Canada on any other Money Order Office in the Dominion, is as follows:—

Payable in Canada.

On Orders up to	$2.50	and under		3c.
Over $ 2.50	"	5.00	"	4c.
" 5.00	"	10.00	"	6c.
" 10.00	"	20.00	"	10c.
" 20.00	"	30.00	"	12c.
" 30.00	"	40.00	"	15c.
" 40.00	"	50.00	"	20c.
" 50.00	"	60.00	"	24c.
" 60.00	"	70.00	"	28c.
" 70.00	"	80.00	"	32c.
" 80.00	"	90.00	"	36c.
" 90.00	"	100.00	"	40c.

No single Money Order, payable in the Dominion of Canada, can be issued for more than $100; but as many of $100 each may be given as the remitter requires.

The other Countries and British Colonies upon which Money Orders are granted; the rates of Commission in all cases being as follows:—

	If not exceeding	$ 10		10c.
Over $10	"	"	20	20c.
" 20	"	"	30	30c.
" 30	"	"	40	40c.
" 40	"	"	50	50c.

In sending money by mail, it is always best to transmit by Money Order if possible. If sent by letter, it should always be registered.

There is a direct exchange of Money Orders between Canada and the following countries:—

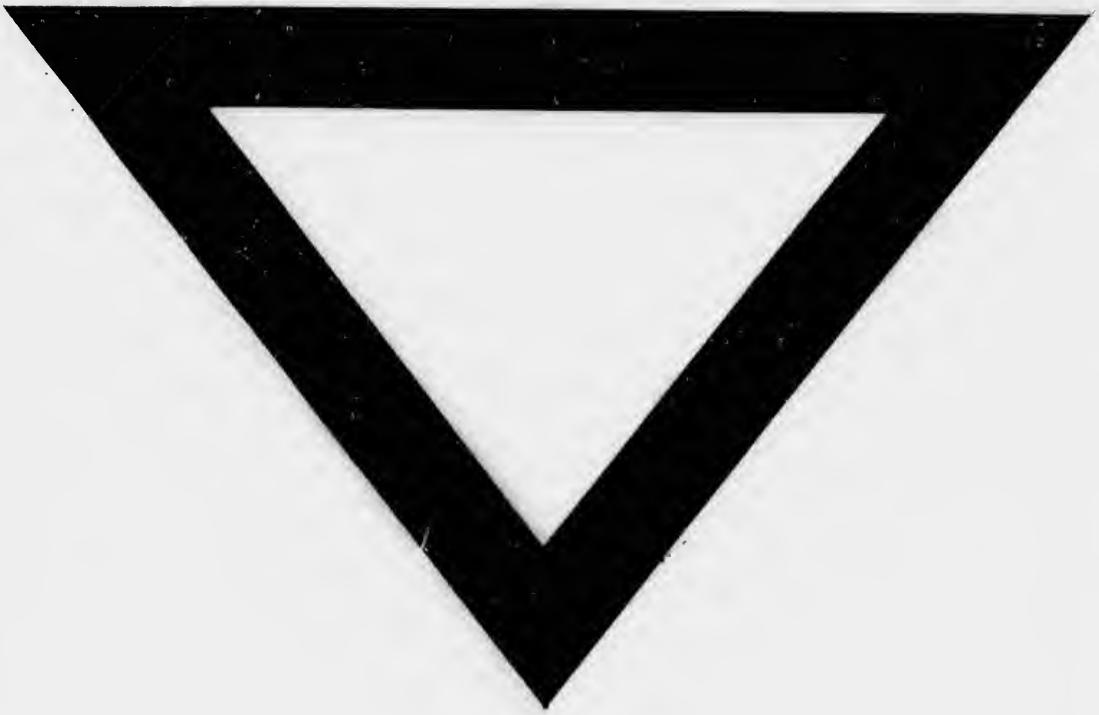
Victoria, Australia.	Tasmania.
New S. Wales "	Hawaii.
Queensland, "	China.
New Zealand.	Japan.
South Australia.	Fiji.

TABLE OF DISTANCES.

—APPROXIMATE—

From Victoria to	
Fort Wrangel	801 Miles.
Skagway Bay	1021 "
Lake Tagish	1040 "
Lake Lebarge (*via* Chilcat)	1171 "
Fort Selkirk	1148 "
Stewart River	1524 "
Dawson City, (Klondyke)	1504 "
Fort Cudahy	1047 "
Telegraph Creek	910 "
Dease Lake	1021 "
Teslin Lake (*via* Stickeen)	1079 "
Teslin Lake (*via* Taku)	1079 "
Quesnelle	143 "
Skagway Bay, over the White Pass to Lake Tagish, (Pack Trail)	30 Miles.
Lake Tagish to Klondyke, down rivers	531 "
Fort Wrangel to Telegraph Cr'k (river steamers)	148 "
Overland from Telegraph Creek to Teslin Lake	150 "
Head of Teslin Lake to Klondyke	581 "

Vessels Entered and Cleared at Canadian Ports.

Atlantic	No.	Tons	Pacific.	No.	Tons
Montreal	731	1,262,161	Victoria	2031	1,031,260
Halifax	2206	1,231,012	Nanaimo	1051	859,031
St. John	3014	1,140,583	Vancouver	622	569,112
Quebec	724	905,858			
	7,578	4,548,964		3,707	3,066,308


It will be seen from the above that the marine freight-carrying trade on the Pacific coast already almost equals two-thirds of that on the Atlantic at the above principal ports, and that the proportion of tonnage per ship is nearly 3 to 2, indicating a larger average class of vessels.
